LATEST BY MAIL.

From Washington.

WASHINGTON, D. C., April 1.—Sen-
ator West presented a memorial from
the citizens of Alexandria, La., for
the construction of a breakwater in
Red River at Alexandria. Referred to
the Committee on Commerce.

In the Senate, Mr. Merriman, from
the Committee on Claims, reported a
bill referring the cotton claims of the
heirs of Stephen A. Douglas to the
Court of Claims. Passed.

The California Legislature, by a
joint resolution, asks Congress to
place unsold lands granted to rail-
roads, from the Missouri to the Pa-
cific, at the disposal of preemption-
ist settlers.

The Senate devoted much of the
session on the third section of the Fi-
nance bill. The Committee reported
in favor of authorizing the organiza-
tion of national banks in States and
Territories having a less proportion
than the State of New York, upon
the basis of wealth and population,
until each State and Territory has an
amount equal in proportion to New
York. An amendment to insert
Philadelphia in lieu of New York,
which would increase the National
Bank circulation about \$124,000,000,
was rejected; yeas 25; nays 26.

An amendment to reduce the vol-
ume of fractional currency to \$40,-
000,000 was also defeated. The
amendment was under discussion at
the hour of adjournment.

In the House, Mr. Rainey presented
the memorial of the Republican Cen-
tral Committee of South Carolina as
a counter statement to the memorial
of the tax-payers, presented yester-
day. It was referred to the Judi-
ciary Committee.

The bill to amend the mining act
was passed, and then the House en-
gaged in a debate on the currency
question.

The Agricultural Committee of the
House will report a bill authorizing
the Agricultural Bureau to collect
specimens of wood from all parts of
the country for a museum.

Assistant Secretary of the Treas-
ury Sawyer was before the Com-
mittee on Ways and Means upon the
Sanborn contract.

The debt statement shows a de-
crease of \$2,125,000; amount in
Treasury, coin, \$86,125; currency
\$4,500,000.

The memorial of the South Caro-
lina tax-payers, as well as that of
their opponents, being now before
the Judiciary Committee of Con-
gress, it is expected that the whole
matter will be considered on Friday.

The Star of this evening says
thoughtful members of Congress of
both parties express themselves
greatly impressed by the representa-
tion of the delegation as to the dis-
tressed condition of the tax-payers of
South Carolina, and there is no doubt
the committee will give the matter
attentive consideration to see if Con-
gressional action can be constitution-
ally applied for their relief.

Gov. Hebert and Prof. Forshey
were, by invitation, to-day before
the House Select Committee on
Levees.

Gov. Hebert, after alluding to the
origin of levees in Louisiana, under
Spanish dominion, and tracing their
history down to the present time,
made an elaborate and exhaustive ar-
gument for the absolute necessity of
the General Government assuming the
control and expense of all improve-
ments upon the Mississippi river, of
which he considered the levees the
most important.

He referred to his reports of 1840
and 1847, in which he opposed cut-
offs and advocated a combination of
levees and outlets for the permanent
protection and reclamation of the
alluvial lands of the Mississippi val-
ley. Governor Hebert concluded by
suggesting the appointment of a
mixed committee of civil and army
engineers to report on a fixed and
permanent plan at the next session of
this Congress.

From Pennsylvania.
MILLENSTOWN, Pa., April 1.—A
fire broke out here at half-past one
o'clock this morning, in the Central
Hotel, from gas used in the building.
It is believed that seven persons were
burned to death. Some of the bodies
were recovered. The names are as
follows: Norah Carty, Pleasantville;
George Dent, a German; Captain
Oliver, oil operator; Martin Phillips
and Sanford Oert, drillers; the other
one is unknown. Nellie McCarty
jumped from the third story win-
dow of the house, and was badly
hurt, but is still alive. All the
buildings on the east side of Main
street, from Frederick's grocery and
hardware store, in Sink's hotel, and
two other buildings on the south; on
the west side of the street, from Red
Shank's shebang north, inclusive of
Butler & Co.'s bank; the United
Pipe Lines' office, express offices,
Millersdown Savings Bank, Westers

mer's grocery, up to Schneider's bil-
liard hall, on Shipping Rock street;
on the north side, from Frederick's
boot and shoe store west to Bernard
street; from Hood's dwelling on the
south side of Shipping Rock street
east to Puff's laundry, including sixty-
nine buildings in all, were burned.
More persons are thought to have
been burned, but none have been dis-
covered.

SUSQUEHANNA DEPOT, April 1.—
Eight hundred troops are here. A
renewal of the trouble is apprehended
upon their withdrawal. No violence
or disturbance is reported, and every-
thing is quiet. The strikers cling to-
gether and remain firm. Those whom
the company have employed will go
to work in the shop to-day.

From New York.
New York, April 1.—A dispatch
from Susquehanna says that after the
men had been paid off yesterday,
1300 of them, who had been dis-
charged, paraded the streets headed
by a band. A meeting was subse-
quently held, at which it was resolved
that if the company wished to employ
them, it must be in a body. Vice-
President Clarke addressed them, and
said the company was willing to em-
ploy some of them if they were will-
ing to abide by the rules. This was
received with apparent indifference;
and he stated that if the men don't
go to work to-day the shops will be
closed. The soldiers are anxiously
awaiting orders to go home. The
men of the First Regiment, who are
mostly leading business men of Phila-
delphia, are especially anxious to get
away, as their business needs their
attention.

From Bryan.
A mob of white men last night
called on the Sheriff and demanded
the jail keys, but the jailor happened
to have them, and could not be
found; whereupon they went to the
jail and broke it open by force, and
took out four of the negroes who had
been arrested on the charge of being
implicated in the Leak outrage, and
took them about a quarter of a mile
from town and hung two of them,
named Higgins and Brown to a tree.

They both confessed that they
were guilty, and said that the other
two were innocent of the crime, and
also told the whereabouts of the
others.

Brown and Higgins were also iden-
tified by Mr. and Mrs. Leak as being
two of the party.

It is reported that four more were
hung in the Brazos bottom last night.
Eight or ten negroes are impli-
cated in the horrible deed. Men are
in search of the balance, and if found
they will all have the pleasure of
joining in the fate of their dead
friends.

Foreign.
LONDON, April 1.—The Times ac-
knowledges the existence of a finan-
cial panic in London, and attributes
it to the effect of those with which
New York and Vienna have been vis-
ited, combined with the depressing
influences of the famine; and says
the check to trade is probably as se-
vere as in any former instance.

MADRID.—Troops to the number of
15,000 are on the way to reinforce
Marshal Serrano. It is reported that
the Carlist Gen. Ochoa is killed. The
final attack on Abanto will be made
on Tuesday or Wednesday.

It is reported that the Carlist
leader, Rodevas, was wounded in the
engagements before Bilbao.

BERLIN.—Peter Andrewhausen, a
German astronomer, is dead.

BAYONNE.—The Carlists assert that
the movement of Serrano against the
Royalists before Bilbao has entirely
failed, and that there was no fighting
between the 28th and 30th ult.

QUEENSTOWN.—The bark Creditor,
from New York, experienced tempestu-
ous weather. Several were lost,
including the captain.

HAVANA, April 1.—The Diario, of
Havana, whose editor was a promi-
nent city official during the former
rule of General Concha as Captain
General, has recently published edi-
torials pointing out many special ad-
vantages for the general good of the
island which would follow restora-
tion of peace.

Owing to relations believed to ex-
ist between the editor and Captain
General Concha, the articles are
thought to be inspired by the Span-
ish party, and that their object is to
prepare the people of the island for a
manifesto of prominent members of
the Hispano Cabinet, demanding an
accommodation between the so-called
loyalists and insurgents, to be in-
augurated by the temporary cessation
of hostilities and to be followed by a
formal treaty of peace. The basis of
the treaty, as made known includes a
pledge that the island shall remain
united to the crown of Spain, that
the people shall elect representatives to
the Cortes, that slavery shall only
be interfered with by consent of the
owners, and in case emancipation
should be decreed, then owners of
slaves are to be indemnified, etc.
